

AMENDMENT(S) TO THE SPECIFICATION

Please replace the paragraph beginning at page 12, line 19, with the following rewritten paragraph:

In the description of the step Sz2 in the operation upon transmission (Fig. 6), whether or not the above-mentioned step Sy10 is pending is judged. However, without carrying out the judgment, the step [[Sy4]] Sz4 may immediately be executed. In this case, even if location registration to the system A is pending, a transmitting operation in the system B is immediately carried out and the location registration to the system A is interrupted.
